THE SECRETARIAT

ABOUT RKC RAJKOT

The Rajkumar College, Rajkot, is an illustrious residential school that has been at the forefront of academic excellence since its inception in 1870. Situated within a sprawling 25-acre campus, this esteemed institution showcases stunning architectural grandeur, replete with imposing edifices and stone archways that epitomize Indo-Gothic design. Throughout its rich history, the college has undergone significant metamorphosis, evolving into a public school in 1938. A watershed moment in its journey was the introduction of co-education in 2001, heralding a new era of diversity, equity, and inclusion.

At its core, The Rajkumar College, Rajkot is committed to fostering holistic development through a multifaceted approach that incorporates experiential learning, service-oriented leadership, and global citizenship. By promoting character development, self-efficacy, and essential life skills, the institution strives to cultivate empathetic, responsible, and enlightened individuals who contribute positively to the global community. Through its forward-thinking approach, the college aims to empower students to become agile, adaptable, and socially responsible leaders who can navigate the complexities of an ever-evolving world.

MUN SOCIETY AT THE RAJKUMAR COLLEGE, RAJKOT

Founded in 2016, The MUN Society at The Rajkumar College has been a cornerstone of student engagement in global issues, diplomacy, and leadership. Since its inception, the society has provided students with the unique opportunity to participate in various Inter school MUN's held across India and has also hosted 2 Inter school MUN's along with 20 Intra school Model United Nations (MUN) conferences.

The basic objective of the society was involving a large number of our own students into the MUN cultural fostering an environment of collaboration, intellectual growth, and global awareness. It allows students to develop vital skills in public speaking, negotiation, and critical thinking, all while gaining a deeper understanding of global politics.

Over the years, the MUN Society has grown, attracting students from various grade levels and backgrounds. Its reputation for excellence is built on a commitment to creating well-rounded, globally-conscious individuals who are passionate about making a positive impact on the world. Whether you're a seasoned delegate or new to MUN, our society provides a supportive and welcoming community where students can grow, challenge themselves, and develop skills that will serve them in both their academic and professional lives.

साहसेन भविष्यं भवः

Courage is the cornerstone of progress. It fuels the ability to question, to innovate, and to act even when the odds are against you and the challenge seems insurmountable.

We are proud to announce our theme for the RKCMUN 2025 as “**साहसेन भविष्यं भवः**” which translates to “courage shapes the future.”

As a defining summons to rise, when the world presents obstacles, courage becomes the foundation on which solutions are built.

History stands as the greatest testament to this truth—every revolution, every churn of change finds a catalyst in courage. We seek to view this lionhearted emotion through formal debate.

Guided by the ethos of the United Nations, our conference harbours a strong emphasis on highly polarised and tenuous situations of the past and present, where courage is never monopartisan. Indeed, all sides involved see their viewpoint as a valiant struggle. With that thought in mind, we invite you to derive a solution for the greater good, and to shape the future with courage.

LETTER FROM THE PRINCIPAL'S DESK

Dear Delegates,

Greetings from The Rajkumar College, Rajkot.

On behalf of The Rajkumar College, I am delighted to extend a warm invitation to you to participate in The Rajkumar College Model United Nations (RKCMUN) Conference, scheduled to take place from 29th April to 1st May, 2025. The conference will bring together students from various schools to engage in lively debates and simulations, honing their diplomatic skills and deepening their understanding of global issues.

This year's conference promises to be an enriching experience for all delegates involved. The theme for the event "सहसेन भविष्य भवा Sahasen Bhavishya Bhava" "Courage shapes the future...." is derived from Sanskrit puranas. It can be interpreted as "Courage or valour (Sahasen) will shape the future (Bhavishya) or state of being (Bhava)."

The theme would inspire delegates to think about how their actions and efforts can lead to a more cooperative, progressive, and sustainable future for all. It brings focus to the idea that change and progress require consistent dedication, collaboration, and a forward-thinking approach. In a broader philosophical or spiritual sense, it implies that one's bravery or strength in the present will influence their future destiny or existence.

We would be honored to have your esteemed institution represented at our conference. Kindly find attached the details regarding registration, event schedule, and committee topics.

Please confirm your participation by 15th February, 2025 as we would like to ensure that all delegates are adequately prepared for this exciting event.

You are requested to send a delegation comprising of 8 to 10 delegates from classes 8 to 12. Further details of the conference will follow soon.

We look forward to welcoming your delegation to The Rajkumar College, Rajkot and to a successful and impactful MUN Conference.

Yours Sincerely,
Yash Saxena
Principal

LETTER FROM THE MUN COORDINATOR

Dear Delegates,

The Rajkumar College Rajkot's MUN society started in 2016 as an Intra School MUN activity. The basic reason was not just to send children to participate in MUN conferences across the country but also to bring about a culture of debating, diplomacy, research and sensitizing our students to the events happening around the world and its impact on our lives. The society has been conducting one intra School MUN every term.

Over these years we have conducted intra School MUNs, Inter School MUNs and sent delegations across the length and breadth of our country to our League schools.

As we embark on this journey to host you all to the most challenging committees and agendas we are also excited to offer the unique RKC Hospitality with the state art dormitories, the sumptuous meals with a Gujarati flavour and the vibrant environment of the school.

I am confident when you return back you will carry a very meaningful insight into solutions based on the Agendas ranging from the Disintegration of USSR to the menace of Narco Terrorism, the future of Global Currency and the fierce debate on Funding Political Parties.

You will also learn to appreciate that the most pressing problems can be negotiated on the table through diplomatic means however complex they may seem. History has shown that it is always the best possible solution for mankind.

Wishing all the delegates a very insightful and Intriguing MUN where you will carry back solutions along with lasting memories and lifelong bonding.

Your Sincerely,

Minu Pala

MUN Coordinator

LETTER FROM THE SECRETARY GENERAL

Esteemed Delegates and Respected Faculty Members,

It is with great honour that I extend this invitation for the first edition of The Rajkumar College Model United Nations Conference. I stand in solidarity with my fellow Executive Board members to say that this conference has unequivocally been our mission to organise since last year. It is our earnest expectation that it proves to be an enthralling experience.

We live most of our lives with the concern of our personal aspirations, struggles and wishes. Our perspectives, not so much out of intention, but rather necessity, are bound to first-person events. However, in Model United Nations, this vision is altered to the core. As we take on the avatars of nations and personalities, we compel our minds to break the fourth wall of everyday life and see the prophesied “bigger picture”. A remarkable way to achieve this is through deliberation on the same crises that experienced diplomats, economists and policy-makers face, but as highly capable high school students.

Keeping this ambition in focus, the RKCMUN 2025 is proud to announce साहसेन भविष्यं भवः as its theme, which translates to ‘courage shapes the future’. As we stand at a tryst with fate, courage drives every innovation and every beautiful beginning is the result of courageous revolution. Much like a delicately spinning top that can topple over and be the harbinger of chaos, diplomacy rests on fragile agreements and unstable promises. Navigating this chaotic lens is a challenge; resolving it through dialogue is our goal.

From the collapse of communism and the modern drug trade fueling terrorism to the rise of global currencies and the transparency of political parties, our conference explores an array of historical and contemporary challenges. And along the way, we promise fruitful debates and meticulous documentation. Let us shape the future with courage.

Warm Regards,
Megh Joshi
Secretary General
